WORK EXPERIENCE

Frontend Developer [React JS]

Flyte Solutions Limited | March 15, 2024 – Present | Dhaka, Bangladesh

- Develop reusable, testable, and efficient React.js components for scalable web applications
- Optimize frontend performance to ensure fast load times and seamless user experience
- Stay current with React ecosystem, including libraries like Redux, RTK, and React Router
- Troubleshoot, debug, and resolve UI/UX and logic issues across different devices and browsers
- Participate in code reviews and offer constructive feedback to maintain code quality
- Contribute to ongoing maintenance and feature updates of existing projects

Trainee Frontend Developer [React JS]

Flyte Solutions Limited | November 15, 2023 – March 15, 2024 | Dhaka, Bangladesh

- Collaborated with design and backend teams to develop pixel-perfect, responsive UIs and integrate frontend components with RESTful APIs
- Used Redux Toolkit and Context API for efficient and scalable state management
- Implemented dynamic routing and navigation using React Router
- Proactively learned and adapted to emerging frontend technologies, tools, and best practices

PROJECTS

Flyte Solutions Limited – Company Website Redesign (View Website)

- Fully rebuilt the company's website from scratch with modern, responsive UI.
- Used App Router & reusable component-based architecture with shadcn/ui.
- Managed state and API with Redux Toolkit and RTK Query.
- Added smooth animations using Framer Motion and GSAP.

⚒ Next.js, Tailwind CSS, shadcn/ui, Redux Toolkit, RTK Query, Framer Motion, GSAP
